

# Heavy Duty Soil Lifter

FOR PROFESSIONAL USE ONLY

## Versatile, High Solvency Cleaner for Carpets and Upholstery

**APPLICATION:** Pre-Spray, Spotter, Booster

### BACKGROUND

Heavy Duty Soil Lifter (HDSL) is a blend of solvents and surfactants. It can be dispersed in water for use in a variety of cleaning processes. The high solvency allows HDSL to attack greasy, oily soils. Rinses easily, removing soil and oils, reducing residues and odor.

### Key features

- Suitable for use in multiple carpet and upholstery wet cleaning processes
- Low moisture upholstery cleaning
- Spot removal
- Removing soil filtration lines
- Booster to traffic lane cleaners
- Safe for use on wool

### PREPARATION

Dry vacuum the item to remove as much dry soil as possible.

### WORK PROCESSES

#### Upholstery wet cleaning prespray:

- Mix 25 oz. (739 mL) with 1 gal. (3.8 L) of water.
- Lightly apply onto fabric, agitate with a soft brush
- Wet extract using All Fiber Textile Rinse.

#### Upholstery low moisture prespray:

- Use undiluted. and lightly apply onto fabric
- Agitate with a soft brush
- Wet extract using All Fiber Textile Rinse.

#### Prespray for carpeting:

- Mix 25 oz. (739 mL) with 1 gal. (3.8 L) of water.
- Using a clean sprayer with coarse spray, apply evenly to soiled carpet.
- Brush area with a hand pile brush, then rinse extract.

#### Soil filtration lines / filtration soil:

- Evenly apply a coarse spray onto the filtration lines
- Aggressively agitate into fiber with a brush.
- Rinse extract.

#### Spotter:

- Apply undiluted to a clean white cloth
- Blot spot or stain until the soil is removed. Keep rotating the cloth as it becomes loaded with soil.
- Rinse with All Fiber Textile Rinse using extraction machine.

#### Additive to traffic lane cleaners

- For use with inline sprayers: add 6 oz. (177 mL) to the 5-quart container along with the standard traffic lane cleaner.
- For pump or pressure sprayers add 2 oz. (59 mL) per gallon along with the standard traffic lane cleaner
- Prespray and extract as normal

### CLEAN UP

**Sales/Technical Support: 800-932-3030 • Emergency Hazards Hotline (INFOTRAC): N. Amer. 800-838-5053 / Intl. 352-323-3500**

- Rinse containers and dispensing equipment to remove product residues and wastewater. Be sure to dispose wastewater properly. Never dispose into surface waters, on the ground or into a storm drain.
- Flush the sprayer with water to remove any product residue. Solvents can soften seals and plastic components so be sure to rinse the equipment.

**SAFETY CONSIDERATIONS**

- Keep children and pets away from chemical products, equipment and the work area.
- Read the Safety Data Sheet (SDS) for any chemical product before using that product.
- Wipe any surfaces where there has been a spill or overspray of the product or the ready to use solution.
